OS: Windows 7/8.1/10

Processor: Intel Core i3-8350K

Memory: 4 GB RAM

Graphics: Nvidia GeForce GT 640

DirectX: Version 11

Network: Broadband Internet connection

Storage: 40 GB available space

English,French,Italian,German,Japanese,Korean,Polish,Russian,Simplified Chinese,Traditional Chinese

Saw this game a while back and thought it looked too weird for me. How wrong I was, this gem of a roguelike is easy to get into but hard to master. Lots of variety in mechanics and environments to keep you going and constantly updated to keep things fresh. Also has lots of other modes that change the geometry and even one that lets you play a 4-player co-op shoot-'em-up.

All in all, a good value, spectacular roguelike.. Fun game, little frustrating when you're grinding to beat a level but satisfying after. Only for smart people.. I really do enjoy this game, but got stuck on truck repair order 69, and couldn't go any further totally took the truck apart and back together all parts yellow or green and NOTHING, watched a video and still nothing. Love the game outside of camera controls on a few certain parts, and not being able to pass two repair orders without googling it the rest were simple, have a decent graphics card to run this though. Thanks for reading.. cool soundtrack

Really good but pretty buggy write now. I feel bad writing a bad review because I know a lot of heart has apparently gone into this game, but my experience playing it was terrible. I like the skin tight clothes and big graphic\u2665\u2665\u2665\u2665\u2665lol, but the game is FULL of bugs and it's boring. The puzzles aren't exactly intuitive. There's logic errors as well. The storyline is extremely boring and having to reach over and press ESC to skip convos gets annoying quickly. The inventory looks like it's half finished. Sometimes you'll pick something up and forget what it actually was, but there's no way to find out what it is again! The narrator in the corner which appears in episode 2 is supposed to be there to help, but when you drag items to him for advice it doesn't work (except for 1 or 2 times)! I'm glad part 1 and 2 are over. Apparently part 3 is much better - let's see how that goes.. Even if you get it as a gift, DO NOT ACCEPT THIS.. Dannazione! That doll puzzle tho. :P. A really great and fun WW1 biplanes experience.
